Dear Bruce,

This letter is to express our thanks and commend your team for their assistance in the development of an overall strategy for our corporate insurance program. With your guidance, Brick Brewing has been able to rapidly develop risk management initiatives that strategically address our customized needs as we continue to grow. Furthermore, and just as important, you have implemented these changes in a way in which our management team has successfully expanded their understanding of the strategic elements of overall risk management.

Corporate Protection Group Inc.'s program has generated substantial savings to Brick Brewing by significantly reducing our overall insurance rates while at the same time broadening our coverages. These benefits have substantially exceeded the annual cost of your program.

We look forward to our continued relationship as you introduce new value added strategies and continue to improve our insurance programs.

Yours Sincerely,

Doug Berchtold
President & C.E.O.
